Housing Link Team Change of Address

Housing Link has now moved to a new address (see details above).

Please find enclosed amended leaflets and referral forms.

Housing Link is a tenancy support service for people with mental health needs (particularly more complex needs). The service is open to any residents of Tower Hamlets.

We help tenants with rent and benefit problems, or any other housing difficulties. We aim to support them to maintain their tenancies and to develop their independent living skills.

We can also link them to other health or social support services. As part of the East London Mental Health Trust we have close links with other mental health teams.

You can refer any tenant to us, by using the referral form. If you would like an electronic copy of the form please email me at:

david.amery@towerhamlets.gov.uk OR
david.amery@eastlondon.nhs.uk

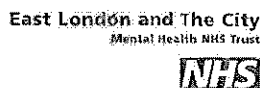

We would also be happy to visit your team to explain our service in more detail and discuss how we could be of assistance to your tenants. Please contact me if you wish to arrange a visit.

Best wishes

David Amery
Housing Link Team Leader

February 2009

Housing Link is a joint service of Tower Hamlets Social Services and East London and the City Mental Health Trust. It aims to support people with mental health problems who are in housing difficulties, and so prevent tenancy breakdown. Housing Link is also supported by Providence Row HA.
