

Local Offers

EastendHomes has one local offer, and it's all about you.

Local offers are a new way for social housing providers to tailor their services to better meet the needs of residents.

Our 2009/10 Annual Report highlighted our intention to publish our 'local offer' telling residents how we plan to put into practice the Tenant Services Authority (TSA) national 'standards'.

We've worked on our draft proposals and added to these through resident feedback.

This is our first ever formal local offer and we hope it touches upon issues of real importance and significance to you. If it doesn't or you think it can be improved, please tell us.

We'll report back to you on our performance towards meeting our local offer to you throughout the year.
